To Whom It May Concern:

Re.: ATR

Dear Sir or Madam:

I am pleased to recommend ATR Carpet Cleaning for any light or heavy duty carpet and/or upholstery cleaning. ATR started cleaning projects in our Hotel in early 2006 with amazing results.

We have worked with various cleaning companies over the years with satisfactory results. However, there were certain areas that we were less than satisfied, such as some of our upholstered furniture and certain carpeted areas. I thought that it would be impossible for any cleaning company to rectify these problematic areas until we gave ATR Carpet Cleaning a try. Needless to say we are more than happy with the results.

The fact that ATR stands behind their work 100%, speaks volumes with respect to how serious they are in their work and in pleasing clients. Therefore, once again, it is with pleasure that I give this letter of recommendation on ATR's behalf.

Sincerely,
